Bulletin of Bibliography

VOL. 2 APRIL, 1901 No. 7

This Bulletin is published, primarily, as a means of communication between the Boston Book Company and its customers. A constant endeavor will be made, however, to include in each issue enough original matter of sufficient value to induce librarians to preserve and bind up the numbers. Each volume will be provided with a title-page and an index.

No subscription price will be put upon the journal, and numbers will not be sold. It will be sent to a selected list of libraries, customers or likely to become customers of the Boston Book Company. The circulation of the Bulletin will be increased in proportion to the interest shown in it, and in the special work of the Library Department of the Boston Book Company. Correspondence is solicited, and should be addressed,

The Boston Book Company,
15½ Beacon St., Boston, Mass.

EDITORIAL COMMENT.

1. ABRIDGED POOLE'S INDEX.
2. STOCK-TAKING BARGAINS.
3. UNIVERSITY OF TORONTO STUDIES.
4. A NEW HISTORICAL WORK.

THERE are four matters of importance to bring to the attention of our readers at this time.

First. The *Abridged Poole's Index* will be issued soon, and before we send out another number of the BULLETIN OF BIBLIOGRAPHY. Librarians should see that we have their orders for this volume at once. Gaps in the sets indexed should be filled now, for prices will go up when the volume is issued, as the demand will be much increased. See opposite page.

Second. This is our annual "stock-taking time," and we desire to reduce stock as much as possible. To do this we each year make *practically cost prices on many sets.* See advertising pages in this number for a selection of many such bargains.

Third. The BOSTON BOOK COMPANY has become United States agent for the *University of Toronto Studies*, and henceforth all United States orders for these should be sent to 15½ Beacon Street, Boston. See back cover of this number for present list.

Fourth. The "History of the Judiciary of Massachusetts" is a historical reference book that all public library's will find of value. An extended notice will be found on page 112.

THE EFFICIENCY OF "POOLE" INCREASED.

References to Selections from the "Edinburgh Review," compared with the Articles as Originally Issued.

By Frederika Wendté, of the Boston Public Library.

Poole, in the first volume, third edition, 1882; indexes "Selections from Edinburgh review." 6 volumes, Paris. As a rule the smaller libraries do not possess this file, and so some valuable reference matter must sometimes be lost for in many instances there is no way of telling from which volume of the "Edinburgh review," the articles in the "Selections" have been taken.

To overcome this difficulty the following list of the blind references has been compiled.

A Book for Libraries, and Historical Students.

History of the Judiciary of Massachusetts, including the Plymouth and Massachusetts Colonies, the Province of Massachusetts Bay, and the Commonwealth, by WILLIAM T. DAVIS, of Plymouth; *cloth*, $3.00, net.

The book contains an historical account of the rise and development of the judicial system of the State, from its first settlement to the present time, with brief biographical sketches of the judges and principal court officers. The number of these sketches is indicated by the fact that the Index of Names contains two thousand entries. These sketches, alone, give to the work a permanent biographical value.

The Appendices contain the Patents and Charters of the Colonies and Province, to show the foundation upon which our judicial system was built. *Published by*
